

# LEARNING WITH FUN IN BUSINESS

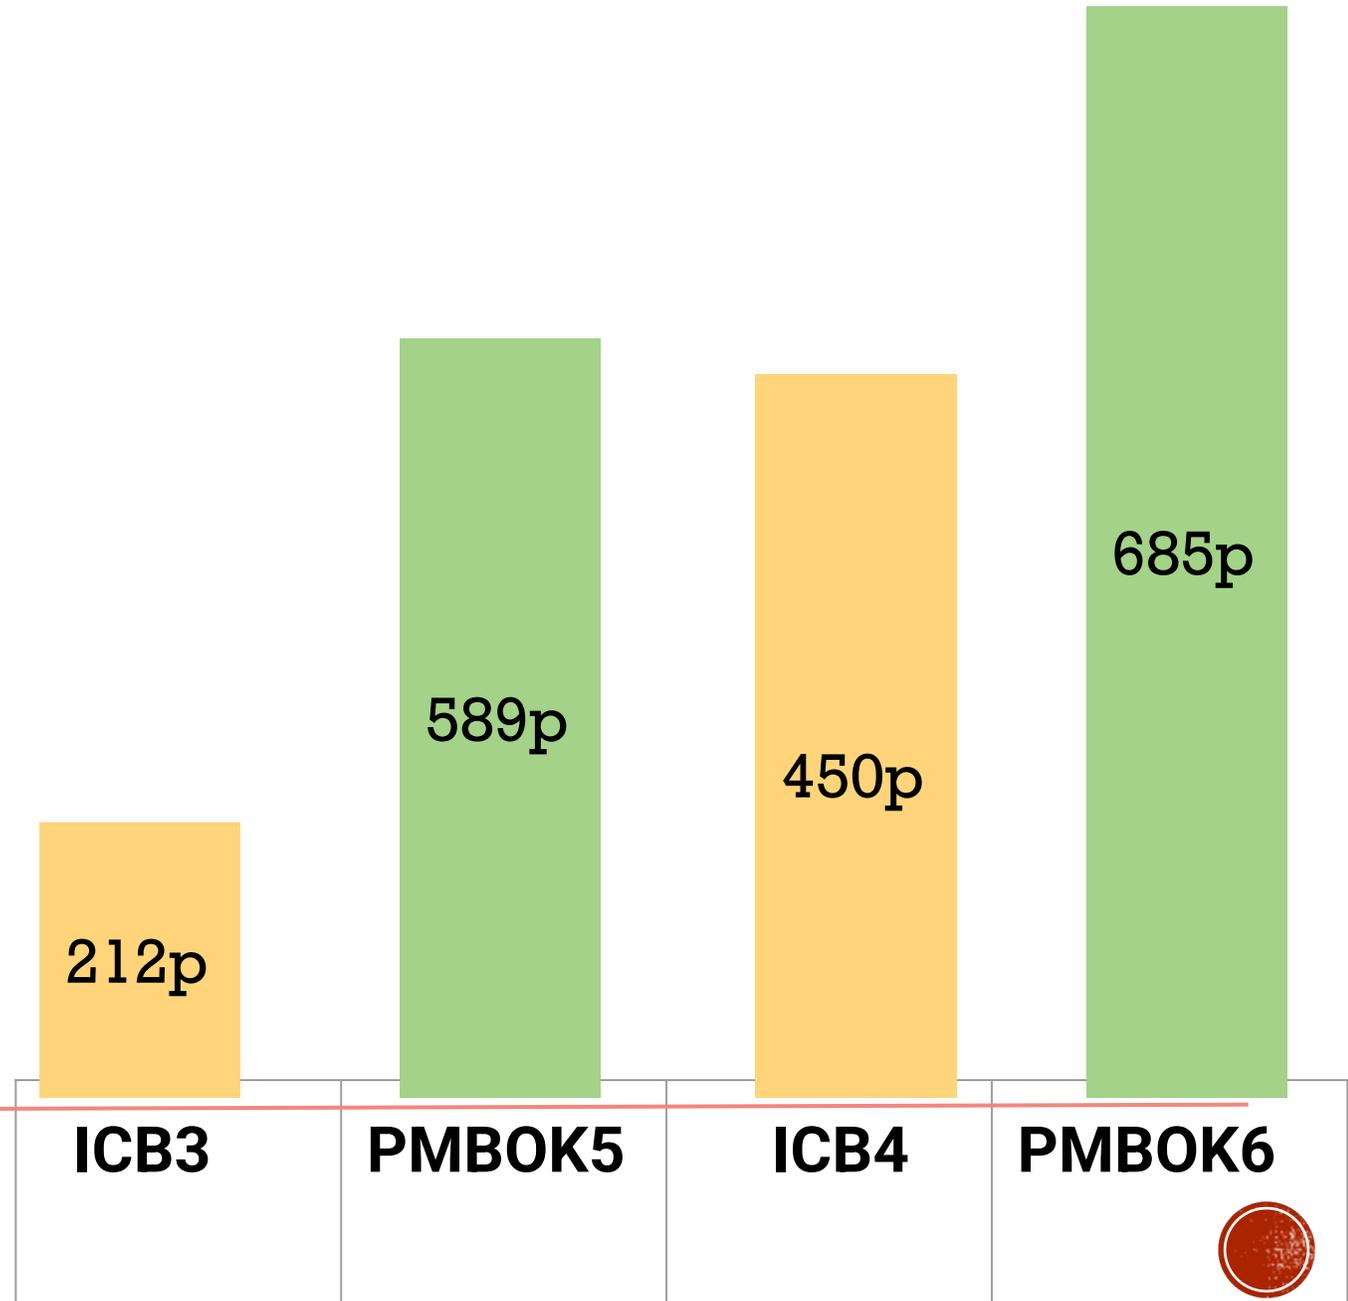

# IS IT FUN TO LEARN PROJECT MANAGEMENT?

Not always...

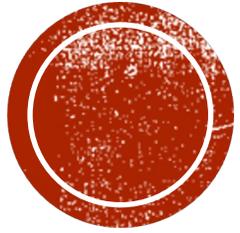

# THE PROBLEM

Standards are growing in size

Narrative is growing in complexity

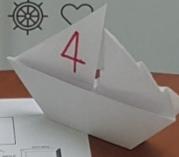

**SOLUTION?**

Learning with Fun!

# Project Management Competence elements based on ICB4

PERSPECTIVE					
PEOPLE					
PRACTICE					

[www.competent.pm](http://www.competent.pm)

## Project design

Design describes how the demands, wishes and influences of the organization(s) are interpreted and weighed by the individual and translated into a high-level design of the project to ensure the highest probability of success.

- Acknowledge, prioritize and review success criteria
- Review, apply and exchange lessons learned from and with other projects
- Determine complexity and its consequences for the approach
- Select and review the overall project management approach
- Design the project execution architecture
